

The hammers have stopped, the wallpaper is hung and the carpets are laid. The two year wait is finally over. Our staff is so excited to welcome you to the new, exclusive Bove shopping experience. Yes, we look like a Fifth Avenue store with the latest in diamonds, jewelry, watches and giftware. What we still strive to be is a hometown store with fair pricing, attention to detail and incredible customer service. We want our customers to have the BEST. This is your store... so... Welcome and Enjoy. As you browse our catalog, you'll meet some members of our staff. When you're in the area, stop by, say hello and take a look around. We look forward to seeing you.
